Class 1: Production!
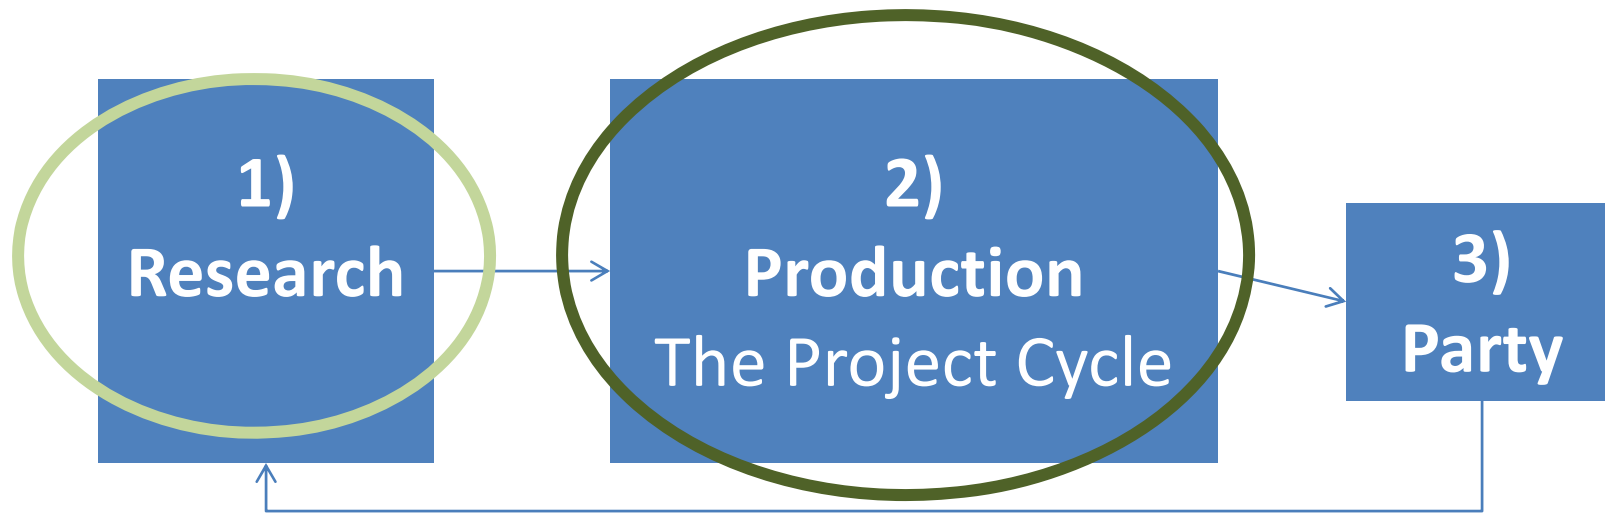

How to do what you gotta do. Without it feeling like something you gotta do.

Zoe Fraade-Blanar (that's me!)

Making the Switch

Sequential Design: The Waterfall method. ☹

Agile! ☺

- Iteration around a short timeframe
- Team members make their own roles
- Face to face communication
- Constant interaction with the customer
- Generate lots of working concepts! (that's the big one!)
